DYNACOMFORT
ES380

SUV 4X4 | HIGHWAY TERRAIN

HIGHWAY TERRAIN

EVERGREEN Highway Terrain tire is designed for SUVs. The H/T tire is built for smooth, paved roads. The tire is designed to provide better ride quality, lower road noise, and improved fuel economy as it has less rolling resistance.

DynaComfort ES380

The DynaComfort ES380 is designed to offer a safer and more comfortable ride. With innovative anti-resistant formula and unique tread pattern, ES380 provides exceptional wet grip, reduced braking distance, and longer mileage.

**H/T/S/V Rated

50/65/70/75 Series**

Wet & Dry Handling

An innovative open-shoulder design enhances its stability and traction, especially when navigating sharp turns on roads that are either wet or dry.

Ultra Wet Traction

The wide main grooves and masses of small grooves incorporated into the design help to increase wet traction, ensuring a safe driving experience.

Skid Protection

Widened tread groove design improves water drainage, improves wet braking performance, and provides superior protection against skidding.

Robust Durability

Enhanced carcass structure provides a flatter tread contour for on-road stability and durability.

Exceptional Tread Life

ES380 utilizes carbon black particles to enhance the skid resistance and wear resistance of tires, resulting in a longer lifespan and increased mileage.

This DynaComfort ES380 is designed to minimize noise levels and offer a smooth and comfortable ride, making it an ideal choice for long-distance journeys.

Quiet Driving

The optimized pattern design with wider grooves and center ribs offers a smooth driving experience on both paved and unpaved roads.
